

DANA Container

1-800-365-8683

Dana Container, Inc. offers a flexible lease/rental program with options ranging anywhere from daily to long-term contracts.

It all depends on *your* company's needs. Let Dana Container provide you with the lease/rental plan that best fits your growing demands.

The savings obtained while using an intermediate bulk container (IBC) well out weigh the cost, whether your company is transporting paint, chemicals, resin or simply storing them on site. IBCs can provide savings not only through reuse, shipping, and handling advantages, but they also limit the high cost of purchasing and disposing of drums. This provides your company with a greater environmental and *financial gain*.

| Size | "A" | "B" | "C" |
|------------|-----|-----|-----|
| 180 Gallon | 42" | 48" | 27" |
